Hi Jeremy,

Apologies for the delay.

Upon looking up these UPCs in our system I can confirm that these were all delivered to us via our catalog feed from The Orchard with the associated label "Long Play Music".

Please let me know if you need any additional information or have any further questions and I'll be happy to assist.

Best regards,

Jeremy Paulson

Hello Audible Magic team,

I am hoping you can help me investigate a bit of an odd situation. Below are some links to possibly infringing content on a couple of record store sites. These sites primarily deal in physical sales, but also offer MP3 purchases through a company called Broadtime. Broadtime says all of their digital content is provided by Audible Magic. The info listed on the

record store sites seems to match the physical release, so I'm sure if it is coming from the record stores, Broadtime, or Audible Magic.

Is there any way to look into the MP3 downloads on the links below and look up who is providing them through Audible Magic?
